OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE. OLD PUBLIC OFFICES, BANGALORE.

Press Note

The World Association of Parliamentarians for World Government has decided to convene the Fourth Parliamentary Conference for World Government in London from 4th to 10th September 1954. The Conference will enable Parliamentarians from all over the world who believe in the urgent necessity for an effective World Government to investigate the ways and means of promoting political action to that end. It will also enable eminent non-parliamentarians to add the weight of their counsel to the discussion and to give backing to the resolutions which the Parliamentarians will adopt.

The Right Honourable Clement Davies, Q.C., M. P., President of the World Association of Parliamentarians, has written to the Chief Minister of Mysore extending to him the Association's cordial invitation to attend the conference and to participate actively in it. The Chief Minister, in acknowledging this invitation from Mr. Davies, has said that it would not be possible for him to go to London in view of the ensuing session of the State Legislative Assembly. He has also said that he is in complete sympathy and agreement with the objectives of the conference and has hoped that under the distinguished presidentship of Mr. Clement Davies, the conference will take one more step in the direction of the realisation of the ideal of World Government. He has also wished the conference every success.

INDUSTRIAL TRAINING INSTITUTE.

Reports have appeared in certain sections of the Press that the Industrial Training Institute at Jalahalli will be shifted outside the State, as the State Government are not able to provide suitable alternate accommodation for the Institute, which has to vacate the present buildings occupied by it. There is no truth in these reports. The question of finding suitable accommodation for the Institute is engaging the active consideration of Government for some time past. Government are quite aware of the useful part played by this Institute in imparting Technical and Vocational Training and of the loss the State would incur in case the Institute is removed from the State. Several buildings, both private and Government, in Bangalore and outside, were considered for the location of the Institute and were given up as they were unsuitable for the purpose. However, as classes for the current year have to commence, it has been decided to take two private buildings in High Grounds, Bangalore, on rent for the location of the Institute. The Government of India have given their consent for this arrangement. Action is being taken for the transfer of the Institute to these buildings and for the commencement of the classes.

Press Note

Subject :—Acquisition of lands in the possession of Sri V. Nanjappa in Achalu Forest, Ramanagaram Taluk.

In its issue of 5th August 1954, the Deccan Herald has referred to the subject of acquisition of lands belonging to Sri V. Nanjappa in Ramanagaram Taluk and has stated that there was hectic top-level activity in this matter, consequent on the arrival of Sri R. Agnibhoj, M.P. It is also stated that he had arrived here to finalise the procedure for the Government taking over the land.

The background of the version as published in the Deccan Herald is not correct. The following are the facts of the case.

It has been repeatedly made clear that the land was granted to Sri V. Nanjappa in the year 1952 before the present Ministry assumed office. Even so, as early as 5th January 1954, the Chief Minister ordered that in view of the fact that there had been a good deal of controversy in this matter, it was desirable that the land should be acquired under the Land Acquisition Act. Thereafter, the Deputy Commissioner, Bangalore District, was asked to initiate acquisition proceedings. The matter involved a certain amount of co-ordination between the Revenue Department and the Forest Department, since the source for meeting the cost of acquisition had to be determined. The letter from the Deputy Commissioner recommending sanction was received by Government on the 9th July 1954. After examination in the Secretariat, the formal notification was issued on the 3rd of August 1954. The issue of this notification just after the arival of Sri Agnibhoj is more fortuitous than intentional.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*, BANGALORE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V, VI and VII should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been

broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919, in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

DELAY IN THE DISPOSAL OF PENSION CLAIMS.

At a Press Conference held on the 27th instant in the Chambers of the Chief Minister, it was brought to notice that there have been considerable delays in the disposal of cases of pension due to retired officials of Government. The mattrr was gone into in detail this morning by the Chief Minister at a Conference with the Minister for Law, Minister for Revenue and Public Works and the officers concerned, including the Accountant-General, Mysore. The reasons for the delays in working out pension claims and finalising them were discussed and it was seen that the main cause for the delay in the majority of cases is the non-submission of pension papers, within the prescribed time, as a result of imperfect maintenance of records of service in various Departments. It has since been ascertained that there are no pension claims pending before the Accountant-General, Mysore, for more than six months.

It is true that there are several instances of delay in finalising pension claims, but the position is not peculiar to Mysore only. However, in view of the Government's desire to eliminate such delays to the maximum extent possible, a Conference of Secretaries to Government, Heads of Departments, Deputy Commissioners of Districts and other officers concerned is proposed to be convened on the 9th of September 1954 under the Chairmanship of the Minister for Revenue and Public Works, for taking stock

of the present position and adopting suitable measures in future to expedite the disposal of pension claims.

SOCIAL SERVICE BY STUDENTS.

One of the important features of the new scheme of Education, now being implemented in the State, is the emphasis laid on manual labour and social service by students. This live aspect of education has already caught the imagination of the students. Recently, the students of the St. Philomena's College at Mysore offered to do manual labour by participating in the work of cement-concreting that is now being undertaken on the old Mysore Road behind their College. This voluntary offer of service, being worthy of a trial, was taken up with the Public Works Department and Municipal Authorities in Mysore, who discussed the details with the Principal of the College.

The idea is that the students will do this manal work to the extent that is possible. They will be paid wages with reference to the actual quantity of work turned out by them. The wages may be either in cash or in the shape of food (tiffin), as may be desired by the College Authorities. The work undertaken by the students will be under the direct supervision of the senior officers of the Public Works Department.

The progress achieved regarding this work will be watched with keen interest and if the experiment is successful, it will certainly be worthy of emulation in other places in the State.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

SUPPLY OF RICE TO THE CONSUMERS IN THE STATE THROUGH GOVERNMENT.

In Press Note dated 12th July 1954, it has already been announced that the Government of India have issued orders decontrolling rice throughout the country and that there is no restriction on its movement in the Indian Union.

In view of large stocks of rice available in the open market at reasonable prices and consequent low off-takes in respect of rice held by Government, it has been decided to hand over a major portion of stocks of rice held by this Government, to the Central Government Reserve. It is therefore announced for the information of the public that on or after 1st October 1954, Government's commitments to supply rice and other food grains to consumers intending to draw supplies from Government resources will cease and such consumers will have to obtain their requirements from open markets.

(P. N. No. 52, 10th September 1954.)

Press Note.

REGISTRATION OF BOILERS.

The Indian Boilers Act, 1923, lays down that all boilers exceeding 5 gallons in capacity should be got registered in accordance with the provisions of the Act. It has come to the Notice of Government that certain manufacturing firms have been supplying to the public, miniature boilers with incorrect information that their capacity is less than 5 gallons and that these boilers do not come under the purview of the Indian Boilers' Act for purposes of registration. It is ascertained that in some cases, such information furnished by manufacturers is not true and that the boilers are found to be more than five gallons in capacity. Such boilers are not being offered for registration and even if so offered, would not be registered under the Indian Boilers, Act, 1923, as their construction is not in conformity with the conditions laid down for registration of Boilers.

Government wish to impress on all concerned that whoever possesses any boilers of the kind mentioned, should refrain from using them until and unless they have been duly got registered under the Act, failing which they will be liable for prosecution under the said Act. When purchases of such miniature boilers are contemplated, the intending purchasers are advised to consult the Chief Inspector of Steam Boilers to ensure that the boilers do not come under the Indian Boilers, Act, 1923, and if they do, that the materials and the construction of the boilers conform to the Indian Boiler Regulations and will be acceptable for purposes of registration under the Indian Boilers, Act.

9 The earnest money deposit of the unsuccessful tenderers will be returned to them immediately, if they happen to be present at the time of opening of the tenders and to the others by post at their cost.

11 If the contractor fails to supply the articles and if complaints are received regarding the non-supply of articles in time, the District Forest Officer will be at liberty to make other arrangements for their supply at the risk of the contractor and recover the loss from such supplies from the contractor from his bills or from his security deposit.

12 For breach of any of the above conditions, the District Forest Officer, Mysore, will be at liberty either to fine the contractor to the extent of Rs. 5 (Rupees five) in each case or to cancel the contract at any stage and forfeit the deposit in full or part. The fine, if any, levied on the contractor will be recoverable from the contractors' bills or security deposit.

Kannada types should be used where such words are found. The printing of records for submission to the Supreme Court will for the present have to be done in a different form, specimen of which may be seen in the High Court Office. But this system is likely to be changed shortly and the copies of the print books prepared for the High Court will be sent to the Supreme Court, the only difference being that instead of the 10 basic copies at present supplied 45 basic copies will have to be supplied.

9. Ten copies of the printed books of each record shall be supplied. Whenever more than 10 copies are required, intimation will be given by the Registrar beforehand. Additional copies over and above the 10 basic copies will be paid for as follows :—

First five additional copies ...	... 5 per cent of the total cost of printing 10 basic copies (per copy)
Extra copies over and above the first five additional copies. ...	... 2½ per cent of the total cost of printing 10 basic copies (per copy)

In small records for the Supreme Court covering less than 100 pages, the Registrar may in his discretion allow a higher rate for spare copies. The Facing sheet and Index will be printed free unless the index is exceptionally long.

10. No proof will be corrected by the High Court and the printers are solely responsible for the correctness of the printed matters. Necessary deductions will be made if there are mistakes in printing. They are also responsible for the safe custody and return of all records entrusted to them for printing.

11. The printer shall make arrangements for taking delivery of the records to be printed and for the delivery of the printed copies at the High Court itself.

12. The Registrar does not guarantee any or particular number of records to be sent to the printers during the period of the contract.

13. The Registrar shall have the discretion to fix the proportion of work to be entrusted to each press, in case the tender of more than one press is accepted.

14. The Registrar shall have powers to fix the time within which each or any piece of work has to be completed and returned, to reject bad work, to reduce in his discretion the rate for any particular piece or pieces of work which may in his opinion be unduly delayed or of inferior quality and to cancel the contract at any time if the work is found to be unsatisfactory.

15. The Registrar shall also have power to reduce the rate for a page proportionately, if it contains less then 50 lines or if the margin is too wide.

16. The Registrar shall also have power to demand refund at any time after payment is made of any amount found to have been paid to the printer in excess.

17. If at any time during the subsistence of the contract the printing of records for the High Court is taken over by the Government Press, the contract will be deemed to have automatically ceased, and the printer shall not be entitled to any compensation or damage on that account.

18. The decision of the Registrar of the High Court on all questions relating to the contract (subject to an appeal to the Chief Justice) shall be final.

19. Printed tender forms can be obtained from the Office of the Registrar, High Court, between 12 NOON and 4 P.M. on working days and the sample showing the quality of paper and the style of printing, etc., required may also be inspected during the same hours.

OFFICE OF THE PRINCIPAL, GOVERNMENT FLYING TRAINING SCHOOL, BANGALORE.

Notification.

Applications are invited from Indian nationals below 28 years of age and particularly from College students for training in Flying.

The Government of India have drastically reduced the Flying fees from Rs. 25 to Rs. 10 per hour.

This enables the student to obtain his 'A' licence in Flying within Rs. 300, if the student is of average ability.

The trainees should be below 28 years of age and must have good physique and eye sight.

They must have passed the S.S.L.C. examination or must be of that standard with a very good knowledge of English.

The course is open for admission subject to being medically fit.

Each candidate will have to deposit a sum of Rs. 300 before he joins the Institution and this amount will be utilised towards his Flying fees, membership fees, etc.

Each trainee should pay a membership fee of Rs. 5 per month.

'A' Licence.—The 'A' licence standard is taken up by most people as a hobby. But young men of the Colleges and members of the National Cadet Corps have a definite advantage if they choose to join the Indian Air Force. They will be shown a concession in the age if they want to appear for the commissioned ranks in the Indian Air Force. It is therefore very advantageous to College students and candidates of the N.C.C.

For the 'A' Licence course a trainee has to put in approximately 20 hours of Dual Instruction and 5 hours of Solo, and pass the flying tests as well as written examination conducted by the Director General of Civil Aviation, New Delhi. This examination is held in Bangalore. The period required for obtaining the 'A' Licence is three months, depending upon the ability, capacity and aptitude of the trainee. The written examination is held once in three months in December, March, June and September of each year. It consists only of one paper and a candidate will be declared to have passed the examination if he obtains not less than 75 per cent.

Hours of training.—Flying training is imparted both in the mornings and evenings, by well qualified experienced pilots.

Jakkur Aerodrome is situated only at a distance of four miles from the Bangalore City limits. City Bus Services run from Majestic Circle to Yelahanka *via* this Aerodrome, for every 45 minutes. So there is no difficulty about transport. Trainees will have to make use of this City Bus Service or make their own transport arrangements.

No Boarding and Lodging facilities are available at the Aerodrome. Trainees will have to make their own arrangements.

Applications for admission can be had free from the Principal, Government Flying Training School, Jakkur Aerodrome, Yelahanka Post, Bangalore, on request.

OFFICE OF THE PRINCIPAL, GOVERNMENT FLYING TRAINING SCHOOL, BANGALORE.

Notification.

Applications are invited from Indian nationals below 28 years of age and particularly from College students for training in Flying.

The Government of India have drastically reduced the Flying fees from Rs. 25 to Rs. 10 per hour.

This enables the student to obtain his 'A' licence in Flying within Rs. 300, if the student is of average ability.

The trainees should be below 28 years of age and must have good physique and eye sight.

They must have passed the S.S.L.C. examination or must be of that standard with a very good knowledge of English.

The course is open for admission subject to being medically fit.

Each candidate will have to deposit a sum of Rs. 300 before he joins the Institution and this amount will be utilised towards his Flying fees, membership fees, etc.

Each trainee should pay a membership fee of Rs. 5 per month.

'A' Licence.—The 'A' licence standard is taken up by most people as a hobby. But young men of the Colleges and members of the National Cadet Corps have a definite advantage if they choose to join the Indian Air Force. They will be shown a concession in the age if they want to appear for the commissioned ranks in the Indian Air Force. It is therefore very advantageous to College students and candidates of the N.C.C.

For the 'A' Licence course a trainee has to put in approximately 20 hours of Dual Instruction and 5 hours of Solo, and pass the flying tests as well as written examination conducted by the Director General of Civil Aviation, New Delhi. This examination is held in Bangalore. The period required for obtaining the 'A' Licence is three months, depending upon the ability, capacity and aptitude of the trainee. The written examination is held once in three months in December, March, June and September of each year. It consists only of one paper and a candidate will be declared to have passed the examination if he obtains not less than 75 per cent.

Hours of training.—Flying training is imparted both in the mornings and evenings, by well qualified experienced pilots.

Jakkur Aerodrome is situated only at a distance of four miles from the Bangalore City limits. City Bus Services run from Majestic Circle to Yelahanka *via* this Aerodrome, for every 45 minutes. So there is no difficulty about transport. Trainees will have to make use of this City Bus Service or make their own transport arrangements.

No Boarding and Lodging facilities are available at the Aerodrome. Trainees will have to make their own arrangements.

Press Note

An aeroplane flying low over the Devaraja Market area in Mysore City at about 3 P.M. on 7th October 1954 frightened the bullocks, which were hauling a gun carriage to Banni Mantap, near the Old Mysore Bank Square on the Sayyaji Rao Road. The bullocks went out of control and rushed into the crowd which had collected to witness the Dasara Procession scheduled to commence at 4-16 P.M. As a result of this stampede caused by the frightened bullocks, 33 persons received injuries and 25 of them were admitted as in-patients in the Krishnarajendra Hospital and the rest were treated in the out-patient ward. One of the injured died in the hospital and another was discharged. The other 23 persons are under treatment.

The Chief Minister and the Home Minister visited the Krishnarajendra Hospital on 8th October 1954, made enquiries and felt sad about the incident. They expressed their sympathies to the injured and to the relatives of the deceased.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*, BANGALORE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V, VI and VII should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919 in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. & S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE PRINCIPAL, GOVERNMENT FLYING TRAINING SCHOOL, BANGALORE.

Notification.

Applications are invited from Indian nationals below 28 years of age and particularly from College students for training in Flying.

The Government of India have drastically reduced the Flying fees from Rs. 25 to Rs. 10 per hour.

This enables the student to obtain his 'A' licence in Flying within Rs. 300, if the student is of average ability.

The trainees should be below 28 years of age and must have good physique and eye sight.

They must have passed the S.S.L.C. examination or must be of that standard with a very good knowledge of English.

The course is open for admission subject to being medically fit.

Each candidate will have to deposit a sum of Rs. 300 before he joins the Institution and this amount will be utilised towards his Flying fees, membership fees, etc.

Each trainee should pay a membership fee of Rs. 5 per month.

'A' Licence.—The 'A' licence standard is taken up by most people as a hobby. But young men of the Colleges and members of the National Cadet Corps have a definite advantage if they choose to join the Indian Air Force. They will be shown a concession in the age if they want to appear for the commissioned ranks in the Indian Air Force. It is therefore very advantageous to College students and candidates of the N.C.C.

For the 'A' Licence course a trainee has to put in approximately 20 hours of Dual Instruction and 5 hours of Solo, and pass the flying tests as well as written examination conducted by the Director General of Civil Aviation, New Delhi. This examination is held in Bangalore. The period required for obtaining the 'A' Licence is three months, depending upon the ability, capacity and aptitude of the trainee. The written examination is held once in three months in December, March, June and September of each year. It consists only of one paper and a candidate will be declared to have passed the examination if he obtains not less than 75 per cent.

Hours of training.—Flying training is imparted both in the mornings and evenings, by well qualified experienced pilots.

Jakkur Aerodrome is situated only at a distance of four miles from the Bangalore City limits. City Bus Services run from Majestic Circle to Yelahanka *via* this Aerodrome, for every 45 minutes. So there is no difficulty about transport. Trainees will have to make use of this City Bus Service or make their own transport arrangements.

No Boarding and Lodging facilities are available at the Aerodrome. Trainees will have to make their own arrangements.

Applications for admission can be had free from the Principal, Government Flying Training School, Jakkur Aerodrome, Yelahanka Post, Bangalore, on request.

2. The auction will commence at 2 P.M. and if it is not concluded on the same day, will be continued from day to day at the same hour until concluded.

3. Defaulters on account of previous leases will not be permitted to bid.

4 No person will be allowed to bid unless he (1) produces a certificate from the Amildar of the Taluk in which he resides in the form prescribed by Government; in regard to his solvency and its extent, or an exchange certificate as provided for in clause 6, and (2) deposits also with the officer holding the sale a sum of Rs. 200 which must, except under unavoidable circumstances, be in the form of cash or currency notes.

5. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease, to the nearest hundred rupees as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be had at the conclusion of the sale. The bond to be taken from the surety should be on a stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 200 is unnecessary, and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case the remaining amount of the lease must be paid, before the expiry of half the period covered by the lease in two equal quarterly instalments when the lease is for one year, and in two equal half-yearly instalments when the lease is for two years.

6. The highest bidder shall deliver his solvency certificate to the officer conducting the sale and get in exchange, if he so desires, a certificate signed by the latter which will be sufficient authority for him to bid at auction sale in any one of the remaining divisions. This exchange certificate shall be delivered to the officer conducting the sale; and in case the party named therein happens to be the highest bidder again he may obtain in lieu thereof, if he so wishes, a fresh exchange certificate for his further use. The exchange certificate will contain all the particulars found in the Amildar's certificate and in addition, details of purchases made in the sales of other divisions as well as in the one in which the exchange certificate is granted. The deposits of unsuccessful bidders will be returned immediately after the sale.

7. The exclusive right to collecting and removing the produce above described will be disposed of to the highest bidder, subject to the confirmation of the Chief Conservator of Forests who, at his discretion, may accept or reject the highest or any other bid, without assigning any reason therefor.

8. The highest bidder shall immediately after the close of the sale, credit into the Government Treasury, one-quarter of the total sale amount including the deposit already made together with the local railway, health and

other cesses, if any, and sales-tax on the full lease amount at the rate prevailing in the district. In default, the deposit already made will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government by the resale, but will have no claim to any surplus accruing therefrom. Such losses shall be recoverable as an arrear of land revenue.

9. If the sale not is confirmed by the authority concerned, all moneys paid will be refunded to the party. In case the sale is not confirmed in the name of the highest bidder the next highest bidder may be called upon to take up the lease and in that case he shall abide by all the conditions prescribed herein for the highest bidder. The security deposits of the next highest bidders will be retained until the confirmation of the sales is decided.

10. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute a separate agreement at one for each unit with one or more sureties to the satisfaction of the District Forest Officer of the District concerned, on a stamped paper of the value of ten annas procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for each unit, for the fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. Recovery of the security deposit will be waived if the full sale amount together with cesses is paid in advance. In default either to execute the agreement with the necessary surities or to furnish the required security or both, the contract will be cancelled, all moneys already paid forfeited to Government and the right resold at the defaulters risk. He shall have no claim to any surplus accruing from such resale and he shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under section 79 of the Mysore Forest Act. After executing the agreement and furnishing the security, the successful bidder shall, before entering on the collection of the bark, obtain from the District Forest Officer, a permit in the prescribed form authorising him to commence the bark collection.

NOTE :—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payments to be made under the lease and for due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any of the District Forest Offices.

11. The balance of the sale amount shall be paid in three equal instalments as follows :—

1st Khist on 1st January 1957.
2nd Khist on 1st May 1957.
3rd Khist on 1st September 1957.

If a default occurs in the payment of any instalment or interest on the due date the contract shall immediately stand suspended and all produce collected and in storage during such period of suspension shall be forfeited to the Government. In spite of such suspension, if the instalments and interests overdue continue to remain unpaid for a period of one month, then the contract shall be cancelled and the right resold, the defaulter being liable for any deficit in the amount due to Government less the amount already paid. He shall have no claim on the surplus accruing from such resale, but shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue, under Section 79 of the Mysore Forest Act or any other law for the time being in force. Interest at the rate in force for the time being, will be levied on all arrears of lease amount which are permitted to be paid after the due date.

12. No concession of any kind will be shown to the contractor for loss on any account.

13. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part, or both these penalties will be enforced at the discretion of the Chief Conservator of Forests. In the case of mere forfeiture of the security deposit amount, the difference will be made good immediately by the contractor, and in the case of the cancellation of the lease, the right will be resold, the lessee not being entitled to moneys already paid by him or for the subsequent excess realisations by resale, the deficit, if any, that may result from such resale being recovered from him as an arrear of land revenue.

14. Bidders are warned that no transfer or subletting of leases will be permitted.

M. A. MUTHANNA,
Chief Conservator of Forests.

The materials should be fully insured against losses and damages, if necessary.

Failure to make supply, whether of a portion of the material or the entire quantity as per the terms of indent, or non-performance or non-supply in time or regularly, or supplying material, which does not conform to the specifications, quality prescribed, or the sample approved or which is found defective in any other way or for breach of any of the conditions stipulated, will entail enforcement of one or more of the following :—

(1) Cancellation of the indent or order in part or in whole;

(2) Imposition of penalty at the rate specified in the indent or if no such rate is specified at a sum not exceeding 3 per cent of the value of the order, at the discretion of the President, Stores Purchase Committee;
